Pacific Elite - SP100 Series

Aluminum Windows & Doors

Pacific Elite Windows & Doors is a California-based supplier of aluminum windows and doors, with a focus on serving architects, designers, home builders, and distributors. Pacific Elite is committed to providing superior-quality products and exceptional customer service. Our expertise lies in crafting aluminum windows and doors that are suitable for a wide range of applications, including commercial, residential, and replacement spaces.

Performance:

- **Precisely designed**

Our windows and doors are designed with intricate detail to match the appeal of any architectural style and enhance the look of your project, both inside and out.

- **Custom capabilities**

We offer design flexibility to accommodate custom requirements such as preferred colors, opening directions, sizes, and unique designs.

- **European hardware**

We offer high-end hardware options such as CMECH, HOPPE, and SIEGENIA to complete your custom designs, with options for crank and push-out functionality.

- **Custom RAL finishes**

Choose from hundreds of custom colors and finishes.

- **Glass options**

We offer a wide range of glass options, including clear, frosted, tinted, and toughened, to meet your design and heat requirements.

- **Durability**

Our products feature pressure extrusions for commercial strength and EPDM foam weather sealing strips for long-lasting protection against the elements.

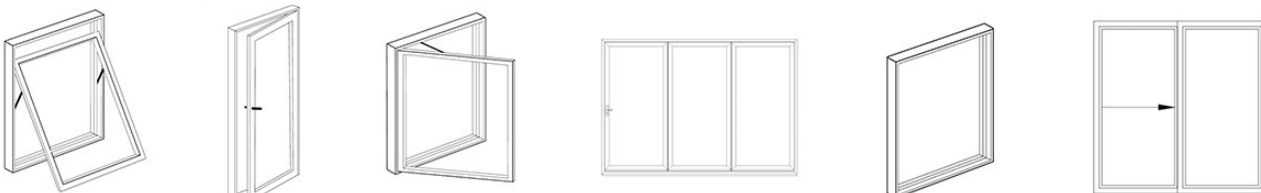

- **European profile**

Contemporary, sleek design

* Further technical specs provided through a consultation

Available in multiple styles to meet your design needs.

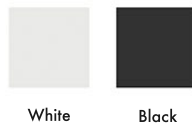

Additional designs & special shape windows available**
